### EDUCATION

#### B.Tech, Computer Science

Shadan College of Engineering and Technology, Hyderabad, Telangana

#### MPC (Class XII)

Iqbalia Junior College, Hyderabad, Telangana

#### Class X, CBSE

International Indian School Jeddah, Jeddah, Saudi Arabia

### PROFESSIONAL SUMMARY

Computer Science graduate with hands-on training in data analytics, SQL, Excel, and Power BI. Experienced in cleaning, structuring, and visualizing business data to support clear decision-making, with self-directed projects covering end-to-end analysis from raw data to finished dashboard. Strong foundation in MIS reporting and business analysis, with a focus on turning data into insight rather than just numbers into charts.

### FEATURED DATA ANALYTICS PROJECTS

#### HR Recruitment Analytics Dashboard *Microsoft Excel, Power BI*

- Developed a recruitment analytics dashboard to organize and visualize the hiring pipeline.
- Analyzed candidate applications, shortlisting, interviews, selections, and rejections.
- Used Excel for data organization and analysis and Power BI for dashboard creation and visualization.
- Converted recruitment information into management-friendly reporting to support understanding of pipeline activity.

#### Sales Performance Dashboard *Microsoft Excel, Power BI*

- Created a sales-performance dashboard to present business results in a clear, structured format.
- Analyzed sales trends and product/business performance using Excel-based data preparation and reporting.
- Used Power BI to visualize KPIs and business trends and make raw information easier to interpret.
- Demonstrated ability to transform transaction-level information into useful business insights without inventing results or metrics.

#### SQL Data Cleaning & Analysis *SQL*

- Applied SELECT, WHERE, GROUP BY, ORDER BY, and aggregate functions to clean and analyze structured datasets.
- Identified and resolved duplicate and inconsistent records, and handled missing-data scenarios.
- Extracted structured, analysis-ready information from raw datasets.

### PROFESSIONAL EXPERIENCE

#### MIS Executive Training Program *Tech Mahindra Foundation*

- Completed structured training in data management, advanced Excel, financial and operational reporting, data analysis, and dashboard creation.
- Organized operational information into structured management reports and dashboards to support business visibility and data-driven decisions.

#### HR Officer Intern *Aashman Foundation*

- Supported HR operations including workplace coordination, communication, and organizational activities within a structured team environment.
- Collaborated with team leaders and organizational stakeholders, strengthening professional communication and coordination skills.
